CLASSIFICATION OF SERVICE

	RATE PER UNIT
<u>GS - 1 (RESIDENTIAL, FARM AND NON-FARM)</u>	

Applicable: Entire Territory Served

Availability: Available to all consumers of the Cooperative for service including lighting, incidental appliances, refrigeration, cooking, laundry, heating, cooling, and power for motors up to and including 10 horsepower motors; subject to the established rules and regulations.

A farm dwelling and its appurtenances including barns, domestic servant quarters and out-buildings, which processes its own products, shall be considered a domestic farm and be classified for the residential rate for all its power requirements.

PUBLIC SERVICE COMMISSION  
OF KENTUCKY  
EFFECTIVE

Individual consumers with a pump-house or other out-buildings located at such a distance from the residence as to make it impractical to supply service through the residential meter, and requiring a separate meter to measure the service, will be billed as a separate service under the GS-1 Rate.

Determination of Billing Demand:

The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided below.

Power Factor Adjustment:

The consumer agrees to maintain unity power factor as nearly as practicable. Power Factor may be measured at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 85%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 85% and divided by the percent power factor.

by B. Redmond  
RATES AND TARIFFS

(24) DISCONTINUANCE OF SERVICE

The Cooperative may refuse to connect or continue service to a member under the following conditions:

- a. Non-payment of bills.
- b. Fraudulent or illegal use of service. If the meter or other equipment belonging to the Cooperative is tampered or interfered with or the appearance of current-theft devices on the premises of the member, the consumer supplied shall pay the amount the Cooperative estimates is due for service rendered but not registered on the Cooperative's meter and for such repairs and replacements as are necessary.
- c. When dangerous conditions exist, service shall be discontinued.\*
- d. When applicant or member is indebted to the Cooperative for services furnished, until indebtedness is paid.
- e. When applicant or member refuses to provide reasonable access to premises.
- f. Non-compliance with state, local, and any other codes, rules and regulations that are applicable to providing service.

(T) If discontinuance is for non-payment of bills, the consumer shall be given at least ten (10) days written notice, separate from the original bill, disconnect shall be effected not less than twenty-seven (27) days after the original bill unless, prior to discontinuance, a residential consumer presents to the Cooperative a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the Cooperative notifies the consumer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

(25) CONSUMER'S WIRING STANDARDS

All wiring of member or consumer must conform to Cooperative requirements and accepted modern standards, as exemplified by the requirements of the National Electrical Code. The Cooperative, however, assumes no responsibility in respect
