RATE
PER UNIT

DETERMINATION OF BILLING DEMAND:

The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided below.

POWER FACTOR ADJUSTMENT:

The consumer agrees to maintain unity power factor as nearly as practicable. Power factor may be measured at any time. Should such measurements indicate that the power factor at the time of maximum demand is less than 85%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 85% and divided by the per cent power factor.

MINIMUM MONTHLY CHARGE:

The minimum monthly charge under the above rate shall be \$3.90 for single-phase service. The minimum monthly charge for three-phase service shall be 75¢ per KVA of installed transformer capacity or the minimum monthly charge stated in the service contract. Where it is necessary to extend or re-enforce existing distribution facilities, the minimum monthly charge may be increased to assure adequate compensation for the added facilities. Where the minimum charge is increased in accordance with the terms of this section, additional energy shall be included in accordance with foregoing rate schedule.

CLASSIFICATION OF SERVICE

SCHEDULE C - COMMERCIAL & INDUSTRIAL SERVICE

RATE
PER UNIT

SERVICE AT PRIMARY VOLTAGE:

If service is furnished at primary distribution voltage, a discount of 10% shall apply to both energy and demand charges. However, service may be metered at secondary voltage and adjusted to primary metering by adding the estimated transformer losses to the metered kilowatt hours.

FUEL ADJUSTMENT:

In case the rate under which Farmers Rural Electric purchases power at wholesale is adjusted above or below 5.0 mills per KWH in accordance with a fuel cost adjustment provision in Farmers Rural Electric's wholesale power contract, the foregoing energy charges shall be adjusted each month by the same amount per KWH as the fuel cost adjustment per KWH in Farmers Rural Electric's wholesale power bill for the next preceding month.

TERMS OF PAYMENT:

The above rates are net, the gross rates are 10% higher, but not more than \$2.50 on the unpaid amount. If the current monthly bill is not paid by the 15th of the month following the meter reading date, the gross rates shall then apply. No delayed payment charges shall be applicable to schools, churches, and community buildings.

CLASSIFICATION OF SERVICE				
SCHEDULE 01 - OUTDOOR LIGHTING SERVICE				RATE PER UNIT
APPLICABLE: In all territory served by the seller.				
AVAILABILITY: To individuals, towns, villages and others for controlled single or multiple outdoor lighting from dusk to dawn. Service under this schedule is for a term of not less than one year and is subject to the rules and regulations of the seller as approved by the Kentucky Public Service Commission.				
RATE PER FIXTURE:				
Type of Lamp	Watts	Monthly KWH Usage	Monthly Charge Per Lamp	(I)
Mercury Vapor	175	70	\$ 4.67	
Mercury Vapor	250	98	5.17	
Mercury Vapor	400	156	7.81	
Mercury Vapor	1000	378	12.70	
Sodium Vapor	100	42	5.17	
Sodium Vapor	150	63	5.88	
Sodium Vapor	250	105	7.81	
Sodium Vapor	400	165	9.73	
Sodium Vapor	1000	385	20.80	
FUEL ADJUSTMENT CLAUSE:				
All rates are applicable to the Fuel Adjustment Clause and may be increased or decreased by an amount per KWH equal to the fuel adjustment amount per KWH as billed by the Wholesale Power Supplier plus an allowance for line losses. The allowance for line losses will not exceed 10% and is based on a twelve-month moving average of such losses. This Fuel Clause is subject to all other applicable provisions as set out in 807 KAR 2:055.				
CONDITIONS OF SERVICE:				
1. Outdoor lighting, including lamps, fixtures, other necessary facilities and electric energy, will be furnished by the Cooperative.				
2. Above service is limited to one existing wood pole per fixture.				
3. Lamp replacements will be furnished and made by the Cooperative except in cases of vandalism or willful destruction.				
4. Service required other than the above shall be paid for by the consumer according to the initial cost of such installation.

Farmers Rural Electric Coop. Corp.

RULES AND REGULATIONS

1. **SCOPE** - This Schedule of Rules and Regulations is a part of all contracts for receiving electric service from the Cooperative and applies to all service received from the Cooperative whether the service received is based upon a contract, agreement, signed application, or otherwise. No employee or individual director of the Cooperative is permitted to make an exception to rates or Rules and Regulations. Rates and rules of service may be obtained from the Cooperative's office.
2. **REVISIONS** - These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time without notice. Such changes, when effective, shall have the same force and effect as the present Rules and Regulations. The members shall be informed of any changes as soon as possible, after adoption by the Board of Directors, through the Cooperative's monthly newsletter.
3. **CONSUMER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY** - All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and, in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of necessary repairs or replacements shall be paid by the member.
4. **CONTINUITY OF SERVICE** - The Cooperative shall use reasonable diligence to provide a constant and uninterrupted supply of electric power and energy. However, if such supply shall fail or be interrupted or become defective through act of God, or public enemy, or by accidents, strikes, labor troubles, or by action of the elements, or inability to secure rights-of-way or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable therefor.
5. **RELOCATION OF LINES BY REQUEST OF MEMBERS** - The Cooperative's established lines shall not be relocated unless the expense for moving and relocating is paid by the member, except in instances where it would be to the advantage of the Cooperative to make such relocation.
6. **APPLICATION FOR SERVICE** - Each prospective member desiring electric service shall be required to sign the Cooperative's "Application for Membership and Electric Service," before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right-of-way permits.
7. **MEMBERSHIP FEE** - The membership fee as set forth in the By-Laws shall be twenty-five dollars (\$25). The membership fee may be refunded at the time service is discontinued, or it may be left inactive with the Cooperative. It shall be applied against any unpaid

bills of the member at the time service is discontinued. Service covered by each meter shall be billed separately.

- 8. **RIGHT OF ACCESS** - The Cooperative's employees shall have access to member's premises at all reasonable times for the purpose of reading meter, testing, repairing, removing, or exchanging any and all equipment belonging to the Cooperative.
- 9. **MEMBER'S DISCONTINUANCE OF SERVICE** - Any member desiring service discontinued or changed from one location to another shall give the Cooperative three (3) days notice in person or in writing, provided such notice does not violate contractual obligations.
- 10. **SERVICE CHARGES** - No charge will be made for the initial installation of service, or for a service replacing one which has been destroyed by fire, or if no trip is required. However, a service charge of \$7.00 will be made to a new occupant for the reconnecting or transferring of such service if trip is required. Service charge will be due and payable at time of connection or transfer or upon notice of said charge. Also, service calls made by the Cooperative pertaining to the consumer's premises shall be charged for on an actual cost basis per call. No service calls shall be made and no service shall be connected or reconnected after working hours unless there exists circumstances that will justify the additional expense.
- 11. **TEMPORARY SERVICE** - Temporary service may be supplied to circuses, carnivals, fairs, and services of a transient nature in accordance with the existing rate schedules of the Cooperative except that the consumer shall pay, in addition to the regular rates, the total cost of connecting and disconnecting service less the value of materials returned to stock. An advance deposit may be required of the full amount of the estimated bill for service, including the cost of connection and disconnection.
- 12. **SERVICE TO CONSUMERS WHICH MAY BE OF SHORT DURATION** - In cases of service to power the pumping of oil wells, the operation of oil fields, and any and all other types of consumer services which may be of short duration, the Cooperative must and shall protect its investments on same in the following manner:

The consumer, at the time application is made for such service, shall pay a construction charge to the Cooperative, in each instance, an amount equal to the cost of construction and retirement, covering both material and labor involved, less salvage value on all material returned into stock. This charge may be refunded at the rate of twenty percent (20%) of the consumer's monthly power bills thereafter.

parties involved may make the necessary arrangements regarding the transfer of the charges and settlement of same.

- 13. **METER TESTS** - All meters shall be checked for accuracy before installation. The Cooperative shall, at its own expense, make periodic tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission.

(I) The Cooperative shall make additional tests of meters at the request of the member upon advance payment of a fee of seven dollars (\$7.00). Refunds on fast meters shall be made in accordance with PSC Rules and Regulations. See 807 KAR 2: 010, Section 9 (5), Sections 19-20.

(T)

- 14. **FAILURE OF METER TO REGISTER** - In the event a member's meter shall fail to register, the member shall be billed from the date of such failure at the average consumption of the member based on the three (3) month period immediately preceding the failure.

- 15. **DISCONTINUANCE OF SERVICE BY COOPERATIVE** - The Cooperative may refuse to connect or may discontinue service to a member for the violation of any of its rules and regulations. The Cooperative may discontinue service to a member for theft of current or for the appearance of current-theft devices found on the premises of the member. The discontinuance of service by the Cooperative for any cause stated in this rule does not release the member from his obligation for all bills due.

- 16. **POINT OF DELIVERY** - The point of delivery is the point designated by the Cooperative on member's premises where current is to be metered. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the member. The member shall, however, notify the Cooperative of any proposed changes in his equipment or wiring which will materially increase or decrease his load so the Cooperative may check its equipment for adequacy to accommodate the consumer's requirements.

- 17. **CONSUMER'S WIRING** - All wiring of the member must conform to Cooperative's requirements and accepted modern standards. The member agrees to wire his premises in accordance with specifications at least equal to those prescribed by the National Electrical Code. The Cooperative, however, assumes no responsibility in respect to the type, standard of construction, protective equipment or the condition of the member's property, and will not be liable for any loss or injury to persons or property

200 Ampere Service	10.00
300 Ampere Service	12.50
400 Ampere Service	17.50
600 Ampere Service	20.00

(T) Inspection will be made by cooperative personnel.

19. **METER READING** - Each member receiving service shall supply the Cooperative with monthly readings on such date as designated by the Cooperative. Upon failure by the member to supply the Cooperative with three consecutive meter readings, the Cooperative shall then read the meter and charge the member seven dollars (\$7.00) for the extra service rendered. In the event an error in meter reading is made or member fails to return meter reading, the member shall pay an amount approximately equal to his average bill.

20. **CHARGE FOR SEASONAL, MOBILE HOMES, PUMPS, AND OTHER SERVICES** - Consumers requiring service only during certain seasons, not exceeding 9 months per year, may guarantee a minimum annual payment of 12 times the minimum monthly charge determined in accordance with the rate applicable. In this case there shall be no minimum monthly charge. Payment of minimum annual charge shall entitle the consumer to the use of the corresponding number of kilowatt hours in accordance with the rate applicable.

Consumers requiring service to mobile homes and/or trailers, and to pumps, barns, or

RULES AND REGULATIONS

services with low usage from all extensions of up to 150 feet from the nearest facility shall be made without charge. Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the customer shall pay the utility a "customer advance for construction" of \$50 in addition to any other charges required by the utility for all customers. This advance shall be refunded at the end of one year if the service to the location continues for that length of time.

For extensions greater than 300 feet and less than 1000 feet from the nearest facility, the utility may charge an advance equal to the reasonable cost incurred by it for that portion of the service beyond 300 feet plus \$50. This advance shall be refunded to the customer over a four-year period in equal amounts for each year the service is continued. If the service is discontinued for a period of 60 days, or should the mobile home, etc. be removed and another not take its place within 60 days, or be replaced by a permanent structure, the remainder of the advance shall be forfeited. No refunds shall be made to any customer who did not make the advance originally.

For extensions over 1000 feet, the policies set forth in 807 KAR 2: 050 Electric, Section 10, shall apply.

Extensions over 300 feet or 1000 feet shall be made on an "Estimated Average Cost" per foot of the total extension. If termination or meter pole is required, there will be a non-refundable charge for installing the pole.

- 21. CONSUMER BILLING AND COLLECTING POLICY - Bills are to be mailed on or before the first day of each month covering service rendered during the month ending at the first of the preceding month.

Electric energy bills are due and payable from first through fifteenth of each month after which the gross amount will be 10% higher, not to exceed \$2.50, on the unpaid amount. Failure to receive bill shall not release the obligation to pay.

Delinquent notices are to be sent out on or about the 21st of each month. Field collection date for delinquent accounts shall be on or about the 27th of each month.

- (1) A \$7.00 fee is to be collected on first call and on all subsequent calls for purposes of collecting delinquent accounts during regular working hours. Fourteen dollars (\$14.00) will be collected for trips made other than during regular working hours.

No consumer is to be reconnected at any location without first having paid all previous indebtedness to the Cooperative. Service to a consumer is not to be connected in

services with low usage from all extensions of up to 150 feet from the nearest facility shall be made without charge. Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the customer shall pay the utility a "customer advance for construction" of \$50 in addition to any other charges required by the utility for all customers. This advance shall be refunded at the end of one year if the service to the location continues for that length of time.

For extensions greater than 300 feet and less than 1000 feet from the nearest facility, the utility may charge an advance equal to the reasonable cost incurred by it for that portion of the service beyond 300 feet plus \$50. This advance shall be refunded to the customer over a four-year period in equal amounts for each year the service is continued. If the service is discontinued for a period of 60 days, or should the mobile home, etc. be removed and another not take its place within 60 days, or be replaced by a permanent structure, the remainder of the advance shall be forfeited. No refunds shall be made to any customer who did not make the advance originally.

For extensions over 1000 feet, the policies set forth in 807 KAR 2: 050 Electric, Section 10, shall apply.

Extensions over 300 feet or 1000 feet shall be made on an "Estimated Average Cost" per foot of the total extension. If termination or meter pole is required, there will be a non-refundable charge for installing the pole.

another name in order to avoid payment of an unpaid bill.

A service charge of \$7.00 shall be applied to each reconnect requiring a trip.

Invoice statement to be issued on or about 21st of following month covering delinquent account of disconnected consumers.

Periodically all unpaid accounts over 90 days delinquent are to be turned over to an attorney or competent collecting agency for further proceedings, provided such amount exceeds the membership fee.

A \$4.00 fee is to be collected when checks are returned from bank marked "Insufficient Funds." The drawer of said check is to be notified by letter and his service placed on the cut-off list along with other delinquent accounts and handled in the same manner as outlined above.

All consumers are to be members of the Cooperative. Cases of failure to pay membership fee shall be treated in the same manner as outlined above on delinquent accounts.

A twenty-five dollar (\$25) deposit shall be paid by all applicants for electric service to mobile homes, modular homes and rental property. Commercial property will be handled on an individual basis. The Cooperative may require a minimum cash deposit to cover two months of the estimated power usage from any consumer or applicant as provided in 807 KAR 2:010 Section 7. These deposits shall accrue interest at 6% per annum. Upon termination of service, the deposit and accrued interest may be applied against unpaid bills, and the remainder of such balance shall be paid to the consumer.

(N)

A budget billing plan is available to consumers who desire it. The estimated amount of twelve-months usage will be determined by the Cooperative with the budget payments being 1/12 of this amount. Any difference between the amount paid and the amount owed during the twelve-month period will be adjusted by adding or crediting the difference on the regular electric service bill payable July 1. The budget payment plan will continue from year to year unless terminated by either party giving a one-month notice to the other. Payments shall be adjusted each year as near to expected billing as possible.

Farmers Rural Electric Coop. Corp.

RULES AND REGULATIONS

The Cooperative will install underground distribution facilities to a residential subdivision under the following conditions:

1. The subdivision being developed must consist of a tract of land which is divided into ten (10) or more lots for the construction of new residential buildings or the land on which is constructed two (2) or more new multiple occupancy buildings (refer to PSC Electric Rules, 807 KAR 2: 050, Section 20, for definitions of terms).
2. Prior to installation, the owner/developer shall pay the Cooperative for the total cost of all facilities (underground or overhead) installed in subdivision. Later, the Cooperative shall refund to the owner/developer the equivalent cost of overhead facilities when a permanent year-around residence is connected. The refund shall be on an average cost per lot basis.
3. The Cooperative will construct underground distribution facilities in the subdivision adequate to render single-phase 120/240 volt service.
4. Three-phase primary mains or feeders required within a subdivision to supply local distribution or to serve individual three-phase loads may be overhead unless underground is required by governmental authorities or chosen by applicant, in either of which case the differential cost of underground shall be borne by the applicant.
5. Developer or successor in title shall grant a right-of-way satisfactory to the Cooperative for the installation, operation and maintenance of its facilities.
6. If developer provides the secondary service lines to the residence from service pedestal located on easement, the Cooperative shall credit the applicant fifty dollars (\$50.00) or the equivalent cost of an overhead service line to the applicant's meter base, whichever is greater. Service lines to house (provided by developer) shall be installed and ready for inspection at the same time as the residence. Trench is to be left open until inspection has been made.

RECEIVED
 STATE SERVICE COMMISSION
 JAN 26 1979
 by S. Redmond
 ENGINEERING DIVISION

If the Cooperative provides secondary service lines, applicant shall pay the "estimated average cost differential" between overhead and underground service.

7. For all developments that do not meet the conditions set forth in paragraph 1 above, underground distribution will be installed provided an advance to the Cooperative is made in an amount equal to the difference between the Cooperative's estimated cost of underground and overhead facilities.
