

RULES AND REGULATIONS

The Company will install underground distribution lines to a residential subdivision under the following conditions:

1. The subdivision being developed must consist of a tract of land which is divided into ten (10) or more lots for the construction of new residential buildings or the land on which is constructed two (2) or more new multiple occupancy buildings (refer to PSC Electric Rules Appendix A, for definitions of terms).
2. Developer or owner of subdivision shall be required to advance to the company an amount equal to an "estimated average cost differential", if any, between the average or representative cost of underground distribution system in residential subdivisions and of equivalent overhead distribution systems within the utility service areas. If the amount deposited exceeds the normal charge for underground extensions, the amount in excess shall be refunded to the applicant over a ten (10) year period as provided in Public Service Commission Rule Elec.-1-X-3.
3. The Company will construct underground distribution facilities in the subdivision adequate to render single phase 120/240 volt service.

Three phase primary mains or feeders required within a subdivision to supply local distribution or to serve individual three phase loads may be overhead unless underground is required by governmental authorities or chosen by applicant, in either of which case the charges shall be made under the policy for the single phase system and to this shall be added the Company's estimate of cost for the additional facilities required for feeders or to serve the three phase loads.

5. Developer or successor in title shall grant a right-of-way satisfactory to the company for the installation, operation and maintenance of its underground facilities.
6. The service conductors from the property line to the house are to be installed, owned and maintained by the (customer, developer). The Company shall credit the applicant fifty dollars (\$50.00) or the equivalent cost of an overhead service line to the applicants meter base, whichever is greater. Service lines to house (provided by developer) shall be installed and ready for inspection at the same time as the residence. Trench is to be left open until inspection has been made.
7. For all developments that do not meet the conditions set forth in Paragraph 1 above, underground distribution will be installed provided an advance to the Company is made in an amount equal to the difference between the Company's estimated cost of underground facilities and overhead facilities, which it would otherwise provide.

RULES AND REGULATIONS

CHARGE FOR SEASONAL, MOBILE HOMES, PUMPS, AND OTHER SERVICES:

Consumers requiring service only during certain seasons, not exceeding 9 months per year, may guarantee a minimum annual payment of 12 times the minimum monthly charge determined in accordance with the rate applicable. In this case, there shall be no minimum monthly charge. Payment of minimum annual charge shall entitle the consumer to the use of the corresponding number of kilowatt-hours in accordance with the rate applicable.

Consumers requiring service to pumps, barns, or other services with low usage within 150 feet of the existing required voltage will be served similar to permanent dwellings, however, those beyond this distance will be required to deposit with the Cooperative an amount to cover the cost of labor, material and overhead for constructing the electric facilities. The deposit shall be paid prior to the construction of the electric facilities. Such deposit shall be returned to the consumer in the form of credit on the amount paid annually for electric service in the amount of twenty (20) percent of the total annual billing.

Distribution Line Extensions to Mobile Homes

1. All extensions of up to 150 feet from the nearest facility shall be made without charge, except for \$25.00 membership required of all customers. (I)
2. Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the customer shall pay the utility a "customer advance for construction" (deposit) of fifty dollars (\$50) plus \$25.00 membership (I) required of all customers. This advance (deposit) shall be refunded at the end of one (1) year if the service to the mobile home continues for that length of time.
3. For extensions greater than 300 feet and less than 1,000 feet from the nearest facility, the customer shall pay the utility an advance (deposit) equal to the reasonable costs incurred by it for that portion of the service beyond 300 feet plus fifty dollars (\$50), plus \$25.00 membership. (I)
 - (a) This advance (deposit) shall be refunded to the customer over a four (4) year period in equal amounts for each year the service is continued.
 - (b) If the service is discontinued for a period of sixty (60) days, or should the mobile home be removed and another not take its place within sixty (60) days, or be replaced by a permanent structure, the remainder of the advance (deposit) shall be forfeited.
 - (c) No refunds shall be made to any customer who did not make the advance (deposit) originally.
