Re: follow-up to Case No. 2011-00169, Application of Budget PrePay, Inc. for Designation as a Non-Rural Wireless Eligible Telecommunications Carrier; notification of termination of certain T-Mobile reseller areas as Underlying, Facilities Based Carrier to Budget PrePay in Kentucky

Dear Mr. Derouen:

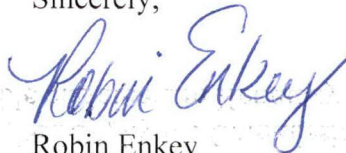

On December 8, 2011, Budget PrePay, Inc. ("Budget") was designated as a wireless, Lifeline-only Eligible Telecommunications Carrier ("ETC") by the Commission. Budget has been providing wireless Lifeline service to eligible customers in Kentucky using the networks of Sprint, Verizon Wireless, and T-Mobile.

By this letter, Budget wishes to notify the Commission that it will no longer be reselling the services of T-Mobile, as Budget no longer maintains a Service Agreement with this underlying carrier. Therefore Budget has notified all effected consumers, by written letter and SMS notice, that on March 15, 2017, their service provided by Budget Mobile will terminate. Budget has provided information to consumers directing them to the Universal Service Administrative Co. (USAC) website map to find companies near their service areas. Budget has attached the written notice for your review.

I enclose three (3) additional copies of this letter for distribution within the Commission as useful. I also enclose on further copy of this letter to be stamped with the date of receipt and returned to me in the enclosed, self-addressed, stamped envelope.

If you have any questions regarding this matter or if I can provide you with any additional information, please do not hesitate to contact me.

Sincerely,

Robin Enkey
Director of Compliance
