Re: Golden Harbor of Kentucky, Inc. ("Golden Harbor"); Utility ID No. 22250226

Dear Mr. Neel:

Golden Harbor requests withdrawal of its local services tariff, interexchange tariff and any related certificates authorizing Golden Harbor to provide telecommunications services in Kentucky effective as of July 10, 2000. Golden Harbor received approval of its application for certificate of authority, but has not finalized an interconnection agreement with BellSouth. Since Golden Harbor has not commenced providing services in Kentucky, no end user customers in Kentucky will be affected.

Please confirm receipt of this letter by file stamping the acknowledgment copy and returning it to me in the enclosed self-addressed, stamped envelope.

Sincerely,

Harold E. Lovelady
President
