Re: Acquisition of Cellular Phone of Kentucky, Inc. and Litchfield County Cellular, Inc. d/b/a Ramcell of Kentucky by Cellco Partnership d/b/a Verizon Wireless

Dear Ms. O'Donnell:

Please be advised that, as one of the counsel for Ramcell of Kentucky, I am filing the original and four copies of this letter with the Commission to provide Notice of the above transaction to the Commission as required by its rules and regulations.

The Commission has exempted acquisitions of “[interexchange carriers (“IXCs”), long-distance resellers, and operator service providers,” as well as “CLECs” and “wireless carriers,” from any approval requirements of KRS Chapter 278. *See* Order at 6-7, *Exemptions for Interexchange Carriers, Long-Distance Resellers, Operator Service Providers and Customer-Owned, Coin-Operated Telephones*, Administrative Case No. 359, 1996 Ky. PUC LEXIS 77 (June 21, 1996); Order at 4, *Exemptions for Providers of Local Exchange Service Other than Incumbent Local Exchange Carriers*, Administrative Case No. 370, 1998 Ky. PUC LEXIS 319 (Jan. 8, 1998). These utilities need only provide the Commission with a letter describing the transaction. *Id.* at 2.

On May 16, 2007, Cellular Phone of Kentucky, Inc. (Utility ID No. 10873) and Litchfield County Cellular, Inc. (Utility ID No. 4100100) d/b/a Ramcell of Kentucky (“Ramcell”), received Federal Communications Commission consent to the sale of their cellular and common carrier point to point microwave licenses in Madison County, Kentucky (RSA #6) and Clay County, Kentucky (RSA #11) to Cellco Partnership d/b/a Verizon Wireless (“Verizon Wireless”). On August 8, 2007, the transaction was consummated. Verizon is now the owner and operator of the former Ramcell cellular telephone systems in Madison and Clay Counties, Kentucky.
